Anglo-Africa Processing & Packaging Trade Visit 2015

29 Sept – 01 October
Birmingham, United Kingdom

Event Overview

The Anglo Africa Processing & Packaging Trade Visit 2015 an initiative organised by the African British Business Association (AfBBA) with the support of other British stakeholders, to encourage the participation of African businesses, government institutions and development bodies in this global event on processing and packaging sector, towards improving the capacity building of Africa's own manufacturing sector.

Many African countries are now focusing much effort in improving poor state of agriculture sector with the assistance of major donors and development agencies, to improving agro-processing and ensure food security on the continent, with sound macroeconomic policies which recognised the need to diversify their economies from heavily dependent on high level of subsistence-based farming to value addition and multi based sector economy.

The additional problem of high wastage of many produces after harvesting stage, due to poor handling and storage and their processing and packaging, thus result in deterioration and high wastage and consequently manifested as loss of earnings to growers, food shortage negative

Effect on the national income in terms of exports their produce or value addition and reliance on imported food to meet shortfall or meeting scarcity.

AfBBA has long recognised that fact that the processing and packaging sector is a crucial service industry in supporting manufacturing sectors such food and drinks, pharmaceuticals and chemicals as well as others sectors; Therefore, organising this trade visit is to assist the private sector businesses and groups, development institutions and governments to develop their own capacity required to improving the processing and packaging of manufactured goods and agricultural products. Undoubtedly, adoption of such a proactive strategy is necessary in achieving the much desired accelerated and sustainable industrial development in Africa.

Overall, this fourth annual trade visit is aimed at fostering partnerships between African businesses and institutions with their British counterparts, in the acquisition of good quality and durable processing and packaging machinery and equipment, with good technical capabilities, safety standards, ease of maintenance, which would provide a more cost efficient production operations on the long run than those available from other markets with inferior features. Further, the trade visit will offer opportunity of access to vital skills and knowledge and ancillary support services necessary operate efficiently.

The trade visit includes a networking evening session and 3 days attendance of the UK leading processing and packaging exhibition. Participants will have legates will have the opportunity of attending a series of short presentations on topical issues and on the latest technological developments in the industry. It has been designed, to enable participants to meet with global machinery and equipment suppliers, support service providers.

AfBBA will not only provide the administrative organisation of the trade visit but also support delegates in meeting and arranging meetings with the right contacts they need to improve their businesses.

About the Exhibition

The PPMA Show is by far the UK's largest Processing and Packaging Machinery Exhibition with over 300 exhibitors and more than 8,000 visitors. It showcases the very latest technology from machinery, industrial robot and automation technology to the latest machine vision solutions.

The show features machinery from over 1200 manufacturers from all parts of the globe.

The PPMA is the UK's trade association for suppliers of processing and packaging machinery to the UK market and represents over 400 member and associate companies. Its principle objective is to promote sales of machinery, both at home and abroad, through various projects and services of mutual benefit to both members and their customers by providing free technical and machinery information and advice.

The choice of packaging machinery for primary & secondary packaging can depend on various situations. These can include available budget, payback period, integration, associated running costs, machine technology and available floor space.

Processing and packaging machinery can be bespoke to the industry sector it services. Further information regarding these sectors can be found in our machinery articles section where you will find in-depth information and articles about, wrapping machines, information on conveying equipment and other related industry sectors.

Show features

As the UK's leading processing and packaging machinery exhibition, the PPMA Show offers the best opportunity to engage with manufacturers, processors and engineers from across the industry, which are looking to source machinery and equipment to enhance the productivity of their operation.

Whether you are looking for equipment to process food, pharmaceuticals or chemicals processing equipment, packaging or filling equipment or other components - there are hundreds of exhibitors to see.

No matter what industry your organisation operates in, the PPMA Show will have the right machinery and equipment for your processing and packaging needs.

Industry Sectors served by Packaging & Processing

Hundreds of machine manufacturers and components suppliers –many of whom have exhibited at the PPMA Show for several years- exhibit annually and supply equipment to the following sectors:

| | |
|------------------------|----------------------------------|
| • FOOD | • CONFECIONERY |
| • DRINK | • SNACKS |
| • PHARMACEUTICALS | • HOUSEHOLD GOODS |
| • COSMETICS/TOILETRIES | • PRINT/FINISHING |
| • CHEMICALS/PAINTS/OIL | • BUILDING PRODUCTS/CONSTRCUTION |
| • DAIRY | • ELECTRONICS |

Benefits of attending the event

The trade visit will enable businesses from African countries to improve the packaging sector, particularly in building the capacity and infrastructure necessary to support various manufacturing industries and enhance food security on the continent.

This trade visit also offers opportunities to gain access to other markets, acquisition of packaging machinery, technology and access to the latest Innovation and Skill Acquisition assistance in developing expertise and knowledge required to build a strong sustainable development.

The multiple activities which are due to take place at the event have been carefully planned to ensure maximum benefits accrue to delegates attending the event, which include: A visit is invaluable helping you to...

- Opportunities to meet potential clients in a neutral yet sales oriented environment
- Source new suppliers
- Evaluate and purchase the latest technology
- Talk face-to-face with the technical experts
- Find solutions to your packaging and processing challenges
- View LIVE Machinery Demonstrations
- Develop new contacts and renew existing contacts
- Meet the key decision makers and get valuable Equip for new challenges
- Increase operational flexibility
- Utilise new materials & technologies
- Revamp your packaging
- Embrace sustainable opportunities
- Increase energy efficiency
- Identify new opportunities
- Identify trusted suppliers quickly & easily valuable contacts & network
- Find inspiration and hear about what's new/ latest

Who should attend the event?

Are you involved in the buying, financing or maintaining of machinery? If so you should be at the PPMA Show. Whether you are looking for equipment to process food, pharmaceuticals or chemicals processing equipment, packaging or filling equipment or other components - there are hundreds of exhibitors to see.

The right machinery and equipment...

No matter what industry your organisation operates in, the PPMA Show will have the right machinery and equipment for your processing and packaging needs.

The PPMA Show caters to all the major UK industry areas including food & drink, pharmaceuticals, cosmetics, household products and chemicals.

Reasons to visit

- Source new suppliers
- View LIVE Machinery Demonstrations
- Evaluate and purchase the latest technology
- Talk face-to-face with the technical experts
- Find solutions to your packaging and processing challenges
- Learn about the latest industry developments

Delegates are invited from various major industry areas including other sectors:

- Agriculturalists, Farmers & Commodity Exporters
- Food and drink processors
- Pharmaceuticals and chemicals processors and distributors
- Cosmetics & Toiletries manufacturers
- Mineral processors
- Marketing & Directors
- Brand Owners
- Creative Directors
- Packaging manufacturers
- Packaging Designers
- Packaging Technologists
- Contract processors and Packers/fillers
- Packaging Machinery manufacturers and distributors
- Major Retailers
- Supply & Logistics Managers
- Printers & Print buyers
- Product Managers & developers
- R & D/New Product Development Managers
- Key Government Officers, Development Agencies
- NGOs & Community groups, particularly Women groups

Event Programme

Theme: Processing & Packaging

Date: 29th September – 01 October 2015

Venue: Birmingham

| DATE | ACTIVITY | DETAILS OF ACTIVITIES | VENUE |
|-----------|---|---|---|
| Sept 28th | REGISTRATION & NETWORKING | 18.00 Arrival & Registration 18.30 Networking 20.30 Close | Birmingham |
| Sept 29th | PPMA 2014 Exhibition & Seminars | 10.00 Arrival at NEC Birmingham Pre exhibition Briefing 17.00 Close | Birmingham |
| Sept 30th | PPMA 2014 Exhibition & Seminars | 10.00 NEC Birmingham 17.00 Close | Birmingham |
| Oct. 01st | PPMA 2014 Exhibition & Seminars & A Site Visit (Optional) | 10.00 NEC Birmingham 17.00 Close or (optional) 10.00 Site Visit 16.00 Close | Birmingham or other location *Details are to be finalised |

*Seminar & Networking session – Details to be confirmed

**Site visit – Available on request and site visit can only be undertaken with adequate number of delegates wishing to participate.

*** We reserve the right to amend the programme, as deemed necessary.
